d. Resumen de commits.....	8
7. Informe PDF en la rama.....	9
8. Merge de rama olopez en main.....	9
Cambios listos en producción	10

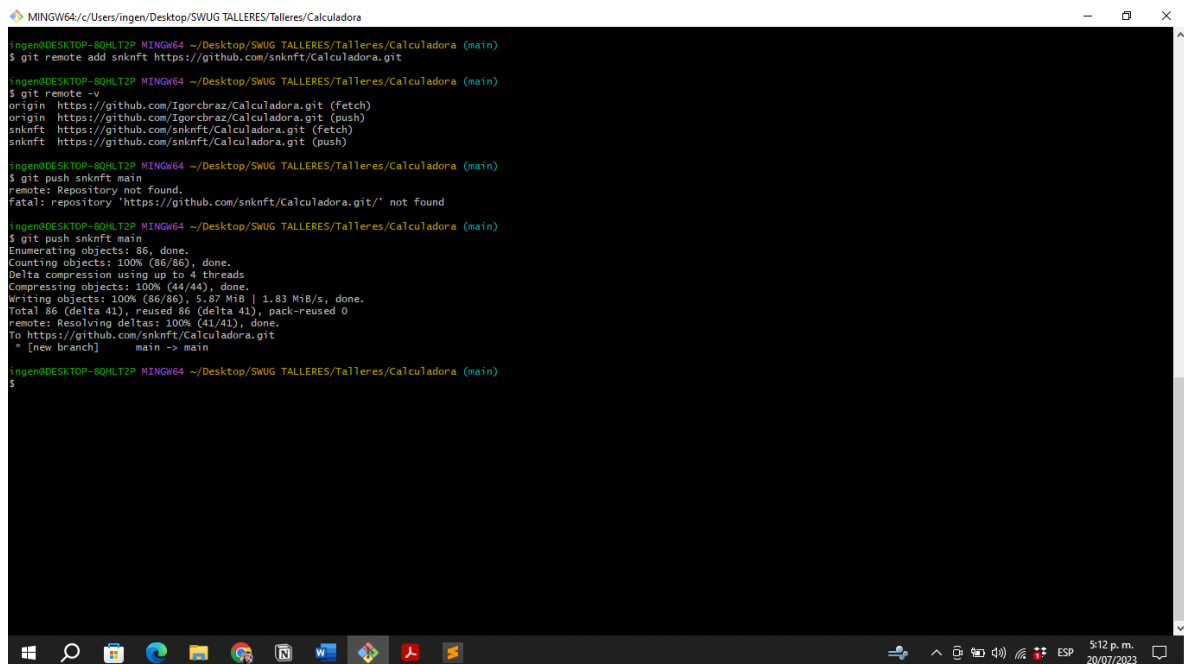

Taller N° 1

Omar López Trejo

1. Clonar en su directorio de trabajo el proyecto público

2. Crear una cuenta de GitHub, sincronizar el repositorio local con el repositorio remoto que deberá llevar el mismo nombre.

3. Consideraremos la rama "main" como la rama de producción, se deben crear 1 rama que como nombre tenga la inicial del primer nombre del estudiante

Cambios listos en producción

The screenshot shows a web browser with multiple tabs. The active tab is 'snknft/Calculadora' on GitHub. The repository page displays a list of files and their commit history. The files listed are: design, images, js, LICENSE, README.md, calculadora.html, index.html, script.js, style-guide.md, and style.css. The commit history for each file shows the commit message, the commit hash, the time since the commit, and the number of commits. The README.md file has a commit message 'Update README.md' and is 2 years old. The calculadora.html and index.html files have commit messages 'Se agrega pestaña para conversion y se adiciona la opción de temperat...' and are 17 minutes old. The style-guide.md and style.css files have commit messages 'Arquivos do projeto' and 'prefers color scheme add' respectively, and are 2 years old. The right sidebar shows the 'About' section with a note 'No description, website, or topics provided.' and the 'Releases' section with a note 'No releases published'. The bottom of the screen shows the Windows taskbar with various application icons and the system clock indicating 9:40 p.m. on 20/07/2023.
